

Pupil Leadership Team

Yearly Aims

The Pupil Leadership Team (PLT) will focus on making our school a safe and happy place to be. They will also focus on courageous advocacy as they will be standing up for social injustice.

The Pupil Leadership Team will:

- Represent the thoughts and ideas of their classes. They will do this by holding whole class meetings to gather ideas and then sharing these at PLT meetings.
- Work together to decide upon ways to make our school even better.
- Organise events that will help to make our school an even happier place.
- Develop our understanding of how to stay safe. This will include a focus on Internet Safety week.
- Support charities within our local community. This will include organising a collection of food during our Harvest celebrations, collecting donations during other whole school events that will be used to support local charities.
- Support charities within the global community. This will include supporting events to raise awareness and funds for global charities, such as Children In Need.
